

- 1 The warm cozy home
The fresh food on the table
It's a wonderful zone!
The hot fire is stable
The people have arrived
Glad they were able!
It's time to thrive!
- 2 Is this all we need?
Food, People, home
The best is Unknown
It might not be best
But sure makes me feel blessed
I'm grateful for the people
That helped me throughout my life
- 3 But, there's more than just people
I'm Thankful for school and home
That made me who i known
A kind, hardworking boy
Someone filled with joy
And that's what makes me feel thankful
And perhaps, fateful.
