

Emma Lilleby
Grade 5
Clifford Wise Middle School
Medina, NY 14103

The grass is green,
The sky is blue,
Our world can be clean but it's up to you,
The animals the environment is counting on you,
So recycle your trash for them and for you,
Because if you recycle the world will look new,
You can also make things to,
Impress your family and friends, make the world happy,
So do a good deed,
Keep this world clean and make people happy!
