

From The Moon  
By: Ryleigh Carnevale

Day one

Dear Earth,  
I saw you catch fire yesterday  
Global warming better be sorry  
The sun was laughing about you  
Even though he is our father  
I don't think you can go farther.

This poem shows  
shows what we  
do to the earth  
and how we  
need to take  
good care of it

Be Better  
and do better

Day two

Dear Earth,  
I could see pollution from my spot  
I think I found the solution to your problem  
Get rid of humans... maybe!  
If you don't there will be no room on Earth  
I wish you good luck!  
Try not to get stuck!

Day three

Dear Earth,  
Why didn't you get rid of the humans?  
I told you there won't be room in the world.  
I'm sorry but  
I saw the package from you - is it for me?  
I hope you get better  
Especially with this weather.

Day four

Dear Earth,  
I'm sorry you won't see this letter  
They pushed you too far  
But it's okay  
Good bye Earth

From the Earth  
By: Ayleigh Carnevale

Dear moon  
It's not your fault I'm on fire  
I'm fine... Really I am!  
Why was sun laughing?  
did he do it?  
anyway I gotta go!

Day two  
I found your letter  
I can't get rid of humanity  
That's wrong not gonna lie  
The pollution is making me sick though...  
But I'm still fine  
I'm alive ☺

Day three  
I can't go further  
your right  
I feels like I'm getting murdered  
your right  
Goodbye Moon

Day four  
\*No response

Take care of the Earth,  
and the Earth will take  
care of you
